tisoro[®]
engineered quartz

Tisoro has been created especially for those who are looking for an affordable and at the same time reliable and high-quality solution for modern kitchen worktops.

Tisoro engineered quartz imitates natural stone and is resistant to mechanical damage, abrasion and scratches as well as granite.

The Tisoro collection is rich in marble decors. This is a worthy replacement for natural marble at a very affordable price.

Quality at an affordable price

Durable

Expensive marble decors at affordable prices

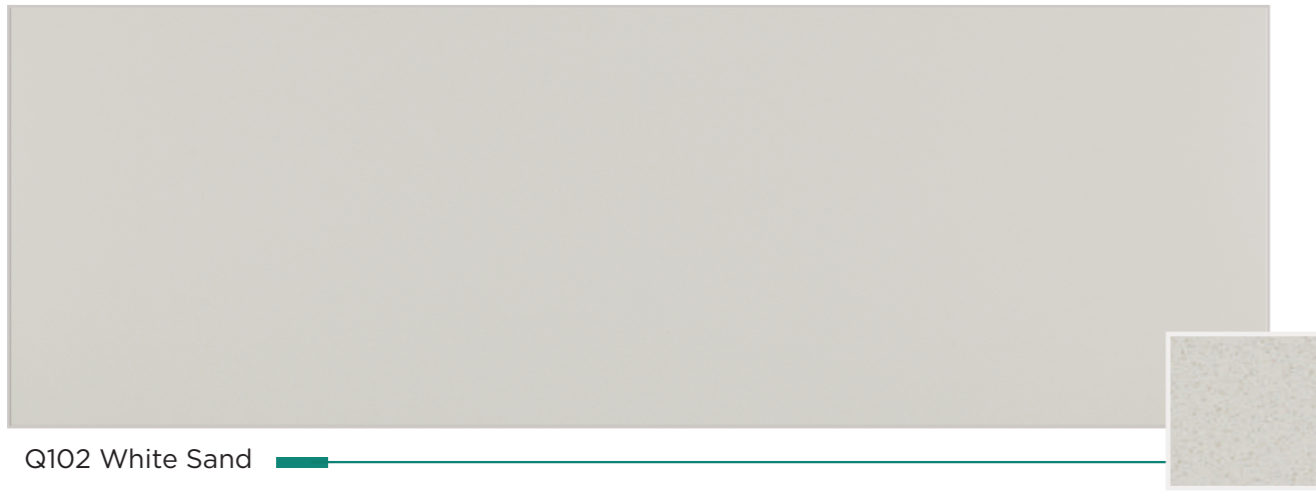

Cratch resistant

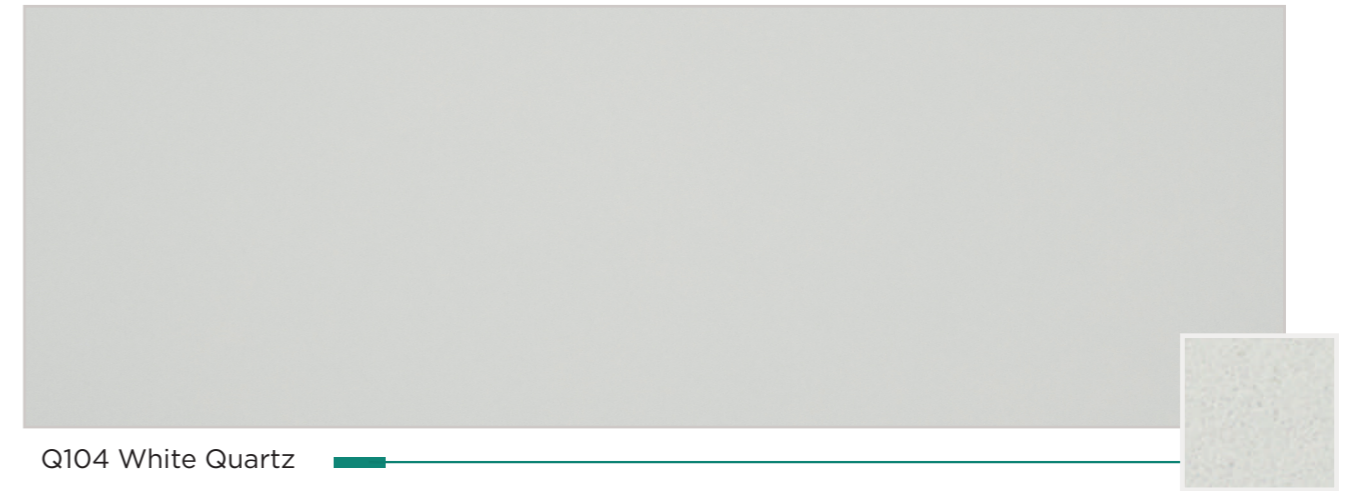

Easy to maintain

Eco-friendly
